Lister Tennis Club - Donna

Contact Administrator

Phone(s): 01438 721515

What does the mean?

The Herts Sports Partnership has worked in partnership with the School Sport Coordinators across Hertfordshire to audit the clubs in Herts which claim to provide for disabled people. The  mark shows that a club has been audited to ensure that it is suitable for people with disabilities to be able to enjoy their sporting experience.

This is a lengthy process which is being done over a long period of time, so it is important to note that just because a club doesn't have a  mark, that doesn't mean it would not be suitable, it has just not yet been audited. If you have any doubts, speak to the club to see what they can do for you!

The Herts Sport Partnership believes that sport should be for everyone, no matter what their background is. Therefore, we are dedicated to raising the profile of disability sport within Hertfordshire to allow people with disabilities to enjoy sport as much as any other individuals. We do this by working closely with range of partners including voluntary organisations, community groups, schools, local authorities and facility providers. Through this, we aim to break down any barriers and to create opportunities for disabled people to start, continue and excel in sport.

If you wish to find out more information about disability sports in Hertfordshire please contact;

Adan Freeman

Sports Project Officer
