**LOCATION: Sri Singh Sahba Gurdwara,
Letchworth**

Sessions there after are £2 per session

Benefits:

Yoga is considered therapeutic. It helps you become more aware of your body's posture, alignment and patterns of movement. It makes the body more flexible and helps you relax even in the midst of a stress stricken environment. This is one of the foremost reasons why people want to start Practicing Yoga - to feel fitter, be more energetic, be happier and peaceful.

Yoga has postures & breathing techniques for almost all diseases, health disorders, allergies, pains etc. Many of the exercises are simple and have a magical effect on most disorders.

This session is part of a bigger initiative funded by the Big Lottery Fund. Herts Sports Partnership has been granted an award to train and organise activity sessions for women from black and minority ethnic communities
